OFFICE OF PETITIONS

Dear Sir:

I hereby authorize the Commissioner to charge the Petition Fee of \$130 that is required to
Bracewell & Giuliani LLP, Deposit Account No. 50-0259 (2065JB.37332).

Petitioner Micrin Technologies Corporation respectfully requests the Solicitor Withdraw from
Issuance the above-style application. The rights in the invention disclosed in U.S. Patent Application
Serial No. 09/736,354, the above-styled application, were assigned by Applicant to such that Petitioner
and LS UNICO, INC. were each Fifty Percent (50%) co-owners of the invention. See Exhibit A. LS
UNICO, INC. attempted to revoke the power of attorney with a new power of attorney that
accompanied an Amendment and Response received by the USPTO on October 17, 2003. The new
power of attorney was only signed by a representative for LS UNICO, INC. Petitioner did not grant
power of attorney to the attorney that filed the Amendment and Response that was received on October
17, 2003.

Adjustment date: 07/19/2005 AKELLEY 09736354

HOUSTON\1865800.1

In the U.S Patent and Trademarks Office's Decision of July 12, 2005, the November 19, 2003 Notice of a change in the power of attorney for the above-styled application was vacated, and the attorney information reverted back to that which was recorded prior to the November 19, 2003 Notice. Pursuant to 37 CFR 1.313 (c):

Once the issue fee has been paid, the application will not be withdrawn from issue upon petition by the applicant for any reason except:

- (1) Unpatentability of one of more claims, which petition must be accompanied by an unequivocal statement that one or more claims are unpatentable, an amendment to such claim or claims, and an explanation as to how the amendment causes such claim or claims to be patentable;
- (2) Consideration of a request for continued examination in compliance with § 1.114; or
- (3) Express abandonment of the application. Such express abandonment may be in favor of a continuing application.

Petitioner hereby expressly abandons U.S. Application Serial Number 09/736,354 so that it can be Withdrawn from Issue pursuant to 37 CFR 1.313(c)(3). *See* PTO/SB/24 attached hereto in Exhibit A. Petitioner also notes that such express abandonment is in favor of a continuation patent application. *See* Exhibit A. Petitioner should also identify "some specific and significant defect in the allowed application before the application will be withdrawn from issue." *See* MPEP 1308. Initially, Petitioner notes that the above-styled application was about to issue without any information pertaining to Petitioner's ownership interests reflected on the face of the patent. The above-styled application was also prosecuted and amended in papers filed on or about October 17, 2003 & January 3, 2005 without the knowledge and consent of Petitioner, through an attorney that Petitioner did not authorize to act on its behalf. For example, each of the claims previously in the above-styled application were cancelled by the attorney that Petitioner did not authorize to act on its behalf. The cancellation of the claims in the above-styled application without the knowledge and consent of Petitioner is a specific and significant defect, by itself, that should justify the above-styled application being withdrawn from

issue. Moreover, the amendments in above-styled application affect the scope of the protection available without Petitioner's knowledge and consent, and therefore issuance of the above-styled application may irreparably harm petitioner as a 50% owner of the above-styled application. Therefore, Petitioner respectfully requests the Withdrawal from Issuance of the above-styled application in favor of the continuation application being filed by Petitioner.

Respectfully submitted,

Dated: July 18, 2005
